

**East Side Union High School District  
COLLEGE/CAREER PATH OPT OUT FORM**

Section 9528 of the *No Child Left Behind* legislation requires school districts that are receiving assistance under *NCLB* to provide military recruiters or institutions of high education access to secondary school students' names, addresses and telephone numbers. The *NCLB Act* allows military recruiters the same access to schools that college and company recruiters have. However a student or parent can request that such information not be released without prior written parental consent. The school district "shall notify parents of the option to make a request and shall comply with any request". The notification must advise parents on how to opt out, including a timeline in which to do so. To comply with the *NCLB Act*, East Side Union High School District is including this information in this Parent Handbook.
